

## **Dream Analysis Report 1**

Hi everybody,

Today you are receiving your first weekly PRACTICAL DREAM ANALYSIS report as part of our "Dreams and Visions Interpretation Course" program. These reports will be of tremendous value as it will slowly but surely train you and prepare you to master the gift of the "interpretation of dreams and visions". You will eventually interpret dreams and visions correctly and according to Biblical principles.

Although it is a gift, it is a gift that God gave to all his children.

Although it is a gift, it does take time and practice. Apart from getting more and more familiar with all the different symbols, the principles and the different fundamentals of dream analysis, it also cultivates a closer and more intimate relationship with Christ our Lord.

So, read all the reports as faithful as you can and stand up and be counted!

### **Dream:**

I was awakened by a dream where I was observing a sandstorm approaching. It was the kind of sand (like you see on a beach).

There was a man by my right side who told me that I needed to cover my mouth. I saw him covering his mouth with a "shemagh" he was wearing.

Then the scene changed. I found myself in a church where they were sharing how blessed they were with the teaching they'd been receiving.

I shared the word in church that was revealed in the dream that God was about to deal with sin in the church.

**Dream Analysis: (As reported back to the person who had this dream)**

**I was awakened by a dream where I was observing a sandstorm approaching. It was the kind of sand (like you see on a beach):** This is one of the meanings of sand in the dreams dictionary - Sand is a symbol of the frailty of human flesh. It speaks of the weaknesses of mankind. It also speaks of the fleshly nature of mankind. God changed all that when we were born of the Holy Spirit through Christ. We however still need to crucify the flesh through obedience and through pursuing holiness. This confirms what you shared in the church scene. God revealed to you that He is going to deal with the flesh (sin) in the church. The fact that it was a storm (sandstorm) initiating this move of God speaks of God creating challenging situations in people's lives in order to expose the flesh in them. Storms cause people to expose what is in them. See meaning of storm in the dictionary: A storm speaks of a drastic change in the spiritual atmosphere which causes disturbance and conflict. This causes trials and times of difficulty in the lives of people. A storm suggests that a person or people suddenly have to deal with people or circumstances caused by people and even by God or Satan.

**There was a man by my right side who told me that I needed to cover my mouth. I saw him covering his mouth with a "shemagh" he was wearing:** The man on your right-hand side symbolizes an angel or even Christ Jesus. Right-hand side speaks of authentic, right or good. He warns you to protect yourself or actually to brace yourself. People behave unpredictably when they are involved in a spiritual storm. That is why you must stay protected (Safe in the rest of the Lord. Safe in the Word of God and safe in prayer). You should just trust God like a child whilst this is going on. The fact that this messenger did not just cover his mouth with his hands but rather with a piece of "professional" clothing (shemagh, which speaks of spiritual preparation or equipping, See "Clothes" in Dictionary) (even

showing you how to use it), speaks of the importance of making absolutely sure you stay protected and that you do not inhale this dust. Dust speaks of flesh or sin. (See "Lungs" in the Dictionary: According to Ephesians 2:2, we can fill our lungs with polluted unbelief, and then exhale disobedience. For instance, breathing out a dark smoke sometimes do speak of unbelief and disobedience). The church is warned not to become part of this. We are also not to "eat" this sand as well because it represents our spirits getting contaminated with the flesh (Sin. See "Food" in the Dictionary).

**Then the scene changed. I found myself in a church where they were sharing how blessed they were with the teaching they'd been receiving:** These people probably refer to the teaching of pursuing holiness as this is what this dream is all about.

**I shared the word that was revealed in the dream that God was about to deal with sin in the church:** When you share a word in a dream or when you are told to either tell or show somebody something in a dream it speaks of God wanting you to share the message of the dream or vision. It means that God wants you to share the particular word in the body of Christ. It is important that you do not keep this word to yourself but that you share it.

### **Interpretation:**

I think the analysis of the different symbols above says it all. I am not sure if this involves the whole church or just your city or congregation. This is why you must pray about this dream so that God can open this message up even further. You need to ask God questions about it so that you can get behind the whole message.

### **Symbols and information to be checked and studied:**

**(I am including this practical exercise because people tend to miss very important symbols in dreams and visions and also to give you the opportunity to learn the symbols by heart)**

Sand, storm, approaching, man, right side, spoke to me, covering his mouth, "shemagh", clothes, church, sharing, blessed, receiving, dreamer shared word, deal with sin.

Please take note that the last few words were actually to be taken literal and not to be regarded as symbols.

**Conclusion:**

I need to make it clear that all we can do is we can help people understand their dreams. We can help them with the basics. We help them with most of the interpretation but even after we have done that they still need to seek God's face about the dream. They need to deal with issues and they need to sort out their responsibilities, actions and reactions in terms of the relevant dream or vision.

Please read the posts in our newest category, "Interesting Discussions on dreams" which will help you a lot.
