

Dream Analysis Report 9

Hi everybody,

This week's PRACTICAL DREAM ANALYSIS report is about "Steve" who saw a vision about his friend "Dave" after they prayed together. Remember the analysis reports are part of our "Dreams and Visions Interpretation Course" program. These reports will be of tremendous value as it will slowly but surely train you and prepare you to master the gift of the "interpretation of dreams and visions". You will eventually interpret dreams and visions correctly and according to Biblical principles. Of course it will become easier and quicker as you get more familiar with the different principles that govern dream and vision interpretation.

Although it is a gift, it is a gift that God gave all his children.

Although it is a gift, it does take time and practice. Apart from getting more and more familiar with all the different symbols, the principles and the different fundamentals of dream analysis, it also cultivates a closer and more intimate relationship with Christ our Lord.

So, read all the reports as faithful as you can and stand up and be counted!

Dream:

Hi Dave, as we prayed with you, I saw you as a shining, bright, clean stainless steel pipe, six inches in diameter. At first, it was about 2.5

feet long, then it grew in length, stretching from a fixed point in heaven to variable positions on the earth. Although there were no openings in the pipe, except at top and bottom, I could see clear, clean, fresh water swirling down the pipe and pouring out onto those individuals you were ministering to. In the vision, I understood the water to be Grace, Word, Power and Glory.

Dream Analysis: (As reported back to the person who had this dream)

(Remember that all the symbols that I am analyzing for you are in the dictionary. Please refer to these symbols in the dictionary because that will enable you to understand the interpretation even better)

I saw you as a shining, bright, clean stainless steel pipe, 6" in diameter:

Stainless steel symbolizes purity. It cannot rust. Iron is a symbol for man-made structures or man-made systems which is of course impure and not Godly. Stainless steel speaks of God taking "man" (in this case "Dave") and purifies him to become an excellent vessel or instrument in his hand or in his service. The number "6" (number of man) also emphasizes this aspect. So God took "Dave" (a man) and because he allowed God to purify him so that He can display the glory of God (God in Dave), also symbolized by the "shining" and "bright" (Shining or displaying the life or light of God and displaying the glory of God), Both those things deliver people from the work of evil (darkness).

At first, it was about 2.5 feet long, then it grew in length, stretching from a fixed point in heaven to variable positions on the earth. Although there were no openings in the pipe, except at top and bottom, I could see clear, clean, fresh water swirling down the pipe and pouring out onto those individuals you were ministering to. In the vision, I understood the water to be Grace, Word, Power and Glory:

The 2.5 feet speak of you being incomplete (not rounded off), immature but then spiritually developed into a vessel capable of transporting the spiritual blessing of God to people all over the earth. Water speaks of spiritual blessings. God will line you up with various

geographical areas and with people. He will pour his blessings on them through you. The blessings (pure clean water) will be very inspirational and straight from God (fresh, like manna, only one opening at the top which speaks of God's input in your ministry). God called you to have an impact on individuals also (I suspect "Steve" saw individuals receiving this water from heaven in the vision). You will probably minister onto a lot of people on a one-to-one basis as well. There will be an outpouring of the grace of God, the word of God, the power of God and the Glory of God.

Interpretation:

This vision was all about Dave being prepared for ministry. I think the symbols analysis says it all. His ministry will be and is already a wonderful Godly blessing to the body of Christ. Not only will God pour his blessings unto many people through him, there will also be an impartation taking place which will help people to develop and grow spiritually.

Conclusion:

I need to make it clear that all we can do is we can help people understand their dreams and visions. We can help them with the basics. We help them with most of the interpretation but even after we have done that they still need to seek God's face about the dream or the vision. They need to deal with issues and they need to sort out their responsibilities, actions and reactions in terms of the relevant dream or vision.
