

Dreams Analysis Report 18

Hi everybody,

(Sexual harassment)

This week's **PRACTICAL DREAM ANALYSIS** report is about a lady who received a warning from God about a sexual harassment incident that was to happen soon after she had this dream. With this dream He prepared her for the incident. The message and the assurance was that it was going to happen but that she would be OK. It would be a bad experience for her but she need not to worry about her career or the future. Isn't this wonderful! God was with her all the way and He will be with her in this situation until it is long forgotten (nobody will be able to retaliate or harm her at all).

Please remember to read the post about the Golden Key available to us in terms of dreams and visions interpretation that makes it possible to interpret each and every dream or vision correctly. Click on the link below for more information:

Dream:

I dreamt of moving offices – back to the previous building (feeling as it used to be – my position at that time before all this happened). Then I remember going to Peter's (his our new MD) house, I was standing in the lounge (I remember couches) then on my right was a big black Rottweiler with sharp teeth (mouth full of teeth), The Rottweiler wanted to play with me, I felt a bit scared of it because of his sharp teeth but knew if I didn't I would get hurt so I decided to play (we wrestled); I got a few scratches but was OK. Then Peter took me through a door to a room and asked if I am happy with the new setting of the office space; there was a long rectangular wooden boardroom table.

Dream Analysis:

I am briefly referring to different symbols in this analysis. It is important for you to check them out in the **Dreams Dictionary** as well so that you have a better understanding of these symbols. It is also important to remember that certain circumstances leading up to a dream or certain questions asked before a dream or a person pondering on something specific before a dream really helps a lot in terms of interpreting the dream. In most cases such information ensures that the interpretation is totally accurate.

Move office to previous office: This part symbolizes the lady being transferred to her old position.

Peter (new MD house): This symbolizes that the MD of the company would be involved in the decision making regarding this incident and that the incident is work related.

Lounge (couches): This part symbolizes that although this is work related, "social" factors would be the foundation of the incident. See "House "sitting room" or "lounge".

Rottweiler with sharp teeth/mouth full of teeth: A dog with prominent teeth in dreams symbolizes danger.

Dog (Black) (like a rottweiler)

Psalm 22:16

For dogs have surrounded Me...

Psalm 22:20

Deliver Me from the sword, My precious life from the power of the dog...

Wanted to wrestle/play/scratches/knew I had to play: This part symbolizes the sexual harassment. Pressured to "play".

Through a door/room/boardroom table: The door the MD took her through symbolizes him creating an opportunity to accommodate her after the incident occurred. The boardroom table symbolized that the new opportunity will be work related, in this case her previous job.

Ask happy new setting office space: God putting the lady at ease by showing her that management will look after her.

Interpretation:

I think the symbols analysis above says it all. This lady was warned that she would be sexually harassed at work. This incident did indeed occur and it was not a pleasant experience for her. Her "boss" attempted to have some sort of a sexual experience/relationship with her but she refused. He attempted to bully her into it but she stood her ground. She reported the incident. During the disciplinary hearing she was accused of many things that was meant to bring her harm in her work situation. Eventually her "boss" was found guilty and she got

a departmental transfer.

Conclusion:

It is so easy to make a mistake when we interpret dreams. We need to connect our dreams and visions to the incident that triggered it in the first place. This will ensure a correct interpretation. However, do not forget that there are times when God speaks to us directly without us asking questions or pondering on matters that is bothering us or important to us. These dreams are not connected to an incident and are almost always spiritual and actually a lot easier to interpret.

I need to make it clear that all we can do is helping people understanding their dreams and visions. We can help them with the basics. We help them with most of the interpretation but even after we have done that they still need to seek God's face about the dream or the vision. They still need to deal with issues and they need to sort out their responsibilities, actions and reactions in terms of the relevant dream or vision.
