

Dreams Analysis Report 19

Hi everybody,

(Pastor with three “private” organs)

This week's **PRACTICAL DREAM ANALYSIS** report is about a lady who received a warning from God about a Pastor with three private organs. Check out the dream analysis report below.

Please remember to read the post about the Golden Key available to us in terms of dreams and visions interpretation that makes it possible to interpret each and every dream or vision correctly. Click on the link below for more information:

The analysis reports are part of our “Dreams and Visions Interpretation Course” program. These reports will be of tremendous value as it will slowly but surely train you and prepare you to master the gift of the “interpretation of dreams and visions”. You will eventually interpret dreams and visions correctly and according to Biblical principles. Of course it will get easier and quicker as you get more familiar with the different principles that govern dream and vision interpretation.

Although it is a gift, it is a gift that God gave all his children.

Although it is a gift, it does take time and practice. Apart from getting more and more familiar with all the different symbols and the

different fundamental principles that govern dream analysis, it also cultivates a closer and more intimate relationship with Christ our Lord. So, read all the reports as faithful as you can and stand up and be counted!

Dream:

I had a dream about a Pastor. He was sitting in a chair and I sat next to him (also in a chair). There were like three of him. It is hard to explain but it was like he was "three in one" but I was able to distinguish all three. He was not completely hidden within himself (as explained below).

He was wearing a red shirt with patterns. I was lying with my head on his lap. There were just a feeling of peace and a Godly type of love. There was no sexual desires. Just peace and calm.

I felt his private "organ(s)" (times three) through the clothing.

The next minute his wife came in and started screaming, obviously very upset. I am not sure what she said or shouting about. I couldn't make it out.

I was so upset since I felt this peace and there was nothing wrong about the peace.

Dream Analysis:

I am briefly referring to different symbols in this analysis. It is important for you to check them out in the **Dreams Dictionary** as well so that you have a better understanding of these symbols. It is also important to remember that certain circumstances leading up to a dream or certain questions asked before a dream or a person pondering on something specific before a dream really helps a lot in terms of interpreting the dream. In most cases such information ensures that the interpretation is totally accurate.

Interpretation:

As you probably realized when you read the meaning of "Sex" in dreams and visions, this dream is about the teachings and spiritual input of a spiritual leader in the body of Christ or in the life of a person (the male seed deposited into the spiritual womb of a

congregation or a person). Sex in dreams and visions in a natural sense does speak of sex (not symbolic but literal) but in this case it is about a spiritual meaning.

There are two things about the church leader in your dream that is a problem:

1. The red shirt which speaks of this leader being prepared to minister (teachings and spiritual input) something that causes conflict, discontent or dissension. Clothing symbolizes our spiritual preparation for ministry. Not only the five-fold ministry but also the preparation of the ministry of each and every child of God is symbolized by the clothes we wear. The color red symbolizes conflict, discontent, dissension and even hate. See "Clothing" and See "Colors (Red)".
2. Three private parts instead of one (See "Numbers in dreams and visions (Negative 3)". The "3 of him" probably represent his body, soul and spirit which symbolizes him ministering in the spirit but also in the flesh. He is probably Spirit led and also lead by his own soulish views. This leader might be a good, pleasant, well behaved excellent leader with mostly pure motivations but the fact is that there are some false teachings in his life and/or also some impure input and motives as well. He might not even know about it.

The woman in the dream being immediately upset when she saw you in this vulnerable position before this man is an indication that there is something wrong here. You feeling three private parts is a warning about him ministering false "seed" (teachings) and/or being led by soulish views as well. Even if she caught you having sex, she (his wife) would have been pleased because she (symbolizing the congregation - a pastor's wife in dreams usually speaks of the congregation), would have been pleased by the church leader (husband) ministering onto the congregation and onto you the true word of God and the proper teachings of Christ. The fact that she was upset emphasizes what the "red shirt" and the "negative 3" also revealed. There is something wrong with this leader.

I once interpreted a dream for a lady who felt very embarrassed and awkward about the dream. In the dream she was surrounded by all sorts of positive symbols whilst a church leader was having sex with her. The pastors wife embraced her and even kissed her whilst her husband had sex with this lady. At the time that she had this dream

this lady went through a tough time spiritually and this leader and his wife ministered onto her a number of times. He was counseling her and teaching her the word of God and his wife (in this case taken literal and not symbolic) played a supportive role. She helped this lady where she could. The positive symbols that surrounded this lady in the dream spoke of the areas in her life which the pastor dealt with. Their input was Godly, pure and from the heart of God.

The peace that you experienced in the dream was probably a false peace. It is a known fact that ninety percent or more of all Christians experience peace in terms of their pastors or ministers not knowing that some of their teachings and spiritual input are not Biblical. We are sometimes led by our feelings and emotions and not the word of God and the Holy Spirit. Many Christians are under the impression that they will be able to identify or recognize false teachings but that is not the case. Christians just do not know and understand the Bible or the word of God well enough in order to do so. It is so easy to be in a situation where we just do not know that something is wrong in this regard. That is why God gives us warnings in dreams. This is symbolized by you not understanding the woman's actions in the dream.

We usually dream about sex and similar symbols when we join new congregations or when we ponder about pastors and church leaders. It is God's way of protecting us. False teachings cause a lot of spiritual damage in people's lives. It prevents spiritual growth and it prevents people from reaching spiritual maturity. It is a huge problem in the body of Christ.

Conclusion:

It is so easy to make a mistake when we interpret dreams. We need to connect our dreams and visions to the incident that triggered it in the first place. This will ensure a correct interpretation. However, do not forget that there are times when God speaks to us directly without us asking questions or pondering on matters that is bothering us or important to us. These dreams are not connected to an incident and are almost always spiritual and actually a lot easier to interpret.

I need to make it clear that all we can do is helping people understanding their dreams and visions. We can help them with the

basics. We help them with most of the interpretation but even after we have done that they still need to seek God's face about the dream or the vision. They still need to deal with issues and they need to sort out their responsibilities, actions and reactions in terms of the relevant dream or vision.
