Hi everybody,

This week's **PRACTICAL DREAM AND VISION ANALYSIS** report is about a man who saw what happens to new converts in the body of Christ who are being lured into getting involved in sin and into a spiritual condition of lukewarmness. Check out the dream analysis report below.

Please remember that the purpose of these reports is for you to **try to interpret the dreams and visions yourself before you read the interpretation done by me.**

Please remember to read the post about the Golden Key available to us in terms of dreams and visions interpretation that makes it possible to interpret each and every dream or vision correctly. Click on the link below for more information:

Dream:

I was sitting on a rock. The rock was oval in shape and it had holes. Through the holes I saw what I thought was a pig. A few days later I had the same dream again and all of a sudden I saw two boys about six years old. They saw the pig and went towards it and started petting it.

I felt responsible for those kids, I looked at the pig and noticed the face was not the face of a pig and it had sharp teeth like a dog. The pig seemed harmless but I told the kids not to get too close. I didn't know if it bites.

I then saw a man coming from across the street and started calling the pig. Across the street there was a building. The man then asked me to go with him and he took me to his apartment in this building. It was a nice and a large apartment. He then told me he wanted to show me something. He took me to the apartment next door. It was a nice large loft with a big and long hallway. I got to the end of the hallway and then I found myself at a beach. I saw a lot of people on the beach. They were all black.

Then I saw people sitting in a cabana. They were all dressed as if they were in mardi gras. I then started looking for the two boys but I could not find them. I again started looking for the boys when I saw a large bar at the back. It was round and it looked like a casino. At the corner of the bar I saw the man that showed me the apartment sitting on a stool with his legs crossed busy counting money.

Dream Analysis:

I am briefly referring to different symbols in this analysis. It is important for you to check them out in the **Dreams Dictionary** as well so that you have a better understanding of these symbols. It is also important to remember that certain circumstances leading up to

a dream or certain questions asked before a dream or a person pondering on something specific before a dream really helps a lot in terms of interpreting the dream. In most cases such information ensures that the interpretation is totally accurate.

Interpretation:

This dream is about God showing you (revealing to you) the ways and attitudes of people who lives reckless lives as lukewarm Christians in the body of Christ.

An oval shaped rock with holes in it: A rock in dreams in one sense symbolizes Christ. This rock however has a few bad characteristics. It is not round (wisdom of Christ) See "Circle" in "Shapes in dreams and visions", it is oval which suggests that the circle has been bend or reshaped into an oval shape. The wisdom has been "reshaped" to their liking. It has holes in it symbolizing "weak spots" or vulnerable areas (being exposed) or "portholes" or a "foothold" for the enemy (evil).

Pig with dog type teeth: See "Pigs" and "Dogs". In dreams both symbolizes backslidden Christians. One likes to go back to sins of the past (dogs going back to it's own vomit and eating it again) symbolizing Christians repenting and finding their sins disgusting but later on eating that same disgusting food and the other having no problem getting dirty and unclean and eating anything (rubbish and dirt), symbolizing Christians having no problem getting involved in all sorts of unclean dirty sinful acts and sins. Of course this happened because of reshaping the rock and creating holes in that rock. A dog with teeth reveals another dimension in terms of your dream. It also symbolizes that the people involved are dangerous to other people suggested by the teeth (dog teeth) and your concern over the two boys. This speak of people willing and able to force people into doing things they are not supposed to do. It is like peer pressure but violent and aggressive.

You either had this dream because God wants to warn you about all these dangers (not to get involved in it) or He wants you to warn or protect young Christians who might not see the dangers involved in this situation that He is revealing to you. You warning the boys about

the dangers (the pig with dog teeth) and the possibility of getting bitten speaks of the possibility of getting spiritually hurt (spiritual deterioration) and even losing their salvation at some point.

The man who called the pig and who showed you his life (what he has to offer) either symbolizes evil (demons or the devil) or he symbolizes bad or backslidden people in the lives of other Christians in the church who pose a threat to them.

The world of this evil man is attractive, nice and a big temptation symbolized by the nice apartment and the beach. Beaches symbolizes the attraction of the sea. It draws people to the sea. Sea symbolizes unsaved masses and the worldly system. It speaks of the evil man-made, pleasures and structures and systems the world has to offer.

All the people on the beach being black symbolizes the kind of people who are drawn to the sea. Black people which symbolizes bad and evil people, unbelievers, negative people and untruthful and depressed people. See "Man (Black)". Please remember that this has nothing to do with real black people but about the color black. It has to do with the color spectrum (See the meaning of "Black". See my comments at the bottom of the letter "M" in the online dictionary.

A cabana with people dressed in Mardi gras clothing (See "Clothing") symbolizes people (especially Christians) who are only interested in the nice and enjoyable things in life and in the church. Mardi Gras (Fatty Tuesday or Throve Tuesday) is the last day that Christians are allowed to eat fat before they start fasting and praying for lent. These people are clothed for the nice day (Mardi gras or Throve Tuesday) and not for the hard tough days (lent). They do not want to repent and fast, they want to enjoy life and all it has to offer. This speaks of the bad situation in the spiritual life (bad spiritual condition) of many Christians.

The bar like a casino in your dream speaks of two things, Bar (a place where alcohol is sold and enjoyed) speaks of people being under the influence of other people and not the Holy Spirit. See "Drunkenness" and "Liquor" and "Alcohol". This bar also appearing to be like a casino speaks of these Christians "gambling" with their lives. It is definitely

possible for a Christian to lose his salvation. This is what this dream is all about.

The evil man counting money speaks of these bad people or evil spirits who succeed in causing Christians to backslide, robbing their faith. Counting the money is "boasting in" destroying other people's faith and their inheritance. This is their goal and this is what they get out of the deal or what they are "paid" with. They destroy faith.

You cared for or looked for or showed concern for the young boys 2 or 3 times: Two: The number two symbolizes agreement and union. Three: The number three symbolizes harmony and one accord.

My opinion is that you had this dream after you prayed for or had concern for the spiritual condition of people. You see how Christians run after bad things and sin instead of serving God like they are supposed to. If there was not an incident that triggered this dream then God is speaking to you about the spiritual condition of young Christians (not necessarily youth but all people who are new converts or not serving God for a long time). The two boys can also symbolize two relatively new ministries that may be in danger of getting hurt because of the people in this ministry being in danger of backsliding. My opinion is however that this is about new converts and not ministries. God wants you to care for and look out for Christians. You need to warn them about the danger of backsliding and not serving God with all their hearts, minds and souls and might.

Conclusion:

It is so easy to make a mistake when we interpret dreams. We need to connect our dreams and visions to the incident that triggered it in the first place. This will ensure a correct interpretation. However, do not forget that there are times when God speaks to us directly without us asking questions or pondering on matters that is bothering us or important to us. These dreams are not connected to an incident and are almost always spiritual and actually a lot easier to interpret.

I need to make it clear that all we can do is helping people understand their dreams and visions. We can help them with the basics. We help them with most of the interpretation but even after we have done that they still need to seek God's face about the dream

or the vision. They still need to deal with issues and they need to sort out their responsibilities, actions and reactions in terms of the relevant dream or vision.
